Miss Mary Culver's room at the College Hill school was greatly disturbed one day last week by a very peculiar, incessant an determined odor emanating from beneath some of the seats, but very hard to locate. MUSIC AAND DRAMA It is remarkable that the largest audience of the week greeted the Klimtnight was bad and drizzly. Yet it is an indication that is very favorable for the ompany. Each night during the compuny's engagement at the Crawford Grand the crowds have become larger, so that the Crawford was well packed last night to see the entertaining melo-drama "Kidnapped." The play was well presented and the audience was very enthusiastic and generous in its applause. Between acts the vitascope threw war scenes upon screen were the finest without question that have ever been shown in Wichita. The play was well played. A few details were not closely watched, however. The clothes on the line in McMooney's yard showed plainly the creases where they had been carefully ironed and folded. Then the beer used in one scene had no foam on it. With these slight oversights the company gave a really clever show which was immensely entertaining. Mr. Klimt, as Louis Rhinegold, as a German comedy hero, was exceedingly cleverly done. Miss Hearne is also excellent, as in fact were all in the cast, including Mr. Horn, Mr. Robertson, Miss North and Miss Le Moyne. This is the first engagement o this company and the performances during the week pleased all. It will be good news to know that Mr. Klimt and company will open the season in September with a new list of plays, including "Held by the Enemy," "Mr. Barnes of New York," "Silver King," "Fatal Card," 'After Dark' and other plays. Next attraction Wolford company.

SHADOWS OF A GREAT CITY. "Shadows of a Great City," the cele brated melo-drama that made Joseph Jefferson famous, will be at the Crawford Grand Thursday. Mamie Sheridan Wolford, as "Biddy Ronan," portraits this most difficult character in an astonishing manner, while Harry English, as "Tom Cooper," is unapproachable. The supporting company is a strong one, which includes some of the foremost on the American stage. The production of "Shadows of a Great City" will display such scenes as a rival Bowery pawn shop, New York City illuminated, Hell Gate, East River, etc. As given by the celebrated Wolford As given by the celebrated Wolford company, which will appear at the Crawford Grand for three nights and Saturday matinee, commencing Thursday April 27, with a change of play at each performance. The C., O. and G. has put into the hands of the above company its best townsites on its new extension to Little Rock, Arkansas. The line traverses the richest portions of that state, which have been lying dormant up to the present time, but a new era is now beginning, inaugurated by the Choctaw Railroad Company, and there will soon be thrown open to convenient development the richest scope of any country of same area in the Union I ---possessing every attraction of perfect climate, unexcelled water, splendid lumber, abundant minerals and most X fertile agricultural lands.

The Country is already thickly settled by a happy and prosperous people, who will form the worthy nucleus of the wonderful development now at hand. They have no dust, no cyclones, no wind storms. Drouth and failure of crops unknown. Scenery superb, being a mingling of mountain, valley, forest and stream. It is the most successful fruit region in the west. Apples, peaches, grapes and all kindred fruits thrive to the utmost, and the best known country for successful potato and vegetable culture. The Townsite Company will open for sale first on Wednesday, April 26, on the ground the new, big Central Division Town of Booneville, in Logan County-the center of a beautiful country rich in every detailed resource. The Railroad Company guarantee complete division, and will spend \$20,000.00 alone to that end. This will be followed by sales at Magazine, the mountain resort and college town, at the foot of Magazine Mountain, the highest peak between the Rockies and Alleghanies, rising 4,000 feet above sea level, surrounded at base by the grandest valley in Arkansas. Ola, Yell county, the gateway to the Fourche valley and junction point for the Dardanelle and Hot Springs Railroad, will be sold later and of which exact dates will be given in due time. Booneville will be the biggest town between Oklahoma City and Little Rock, making today the best chance for reasonable and conservative business investments. The railroad will be completed to Booneville by June 1 and through the entire region about Aug 1, 1899.

The manager of the company, Mr. C. E. Bennett, or any of its officers, will be pleased to give detailed information. Offices of the company will be open at each of the towns after April 10, and an office maintained at Oklahoma City.
